

La société

Do you like working in a team, in a friendly atmosphere?
Do you like to take up challenges and innovate?
Are you looking for an environment where respect, stability,
and mutual support are fundamental values?
Do you enjoy taking responsibilities?
Maybe you will be our next IT System Engineer.

ANPI, located in Louvain-la-Neuve, is the National Association for Protection against Fire and Theft, which has been serving the public interest for 50 years and is unanimously recognized as an active expert in Belgium and throughout Europe.

As part of the continuity of its activities, ANPI wishes to add a new employee for its IT Department.

Fonction

As System Engineer, you act as an expert and facilitate collaboration between business and IT. You support all ANPI services by installing proven technological solutions, while guaranteeing an available and secure environment.

Your main responsibilities are:

Project Management

- Manage server virtualization, storage, backups, and cloud environment. You install and maintain these technologies.
- Collaborate with business and IT to execute all stages from concept and requirements to final hand-off to business end-user.
- Formalize and follow-up the project delivery.

Day to day management

- Follow-up on incidents, carry out the diagnostics and set up the solution to guarantee the stability of the system.
- Provide support to end-users.
- Propose improvements.

Profil

- You have a bachelor's degree in computer science or equivalent experience.
- You have at least 5 years of experience in a similar role.
- You have good knowledge in Windows, Azure, VMWare, storage, and backup technologies.
- You are interested in new technologies. You follow up and keep yourself up to date.
- You are customer oriented and can build and maintain strong relationships.
- You are pro-active, autonomous and a team player.
- You have good communication skills and are fluent in French or Dutch with a good knowledge of the other language. You have a reading and writing level in English.

Offre

- A challenging and diversified position within a recognized company, based in Louvain-la-Neuve.
- Autonomy in your work.
- Possibility of a career evolution.
- Join a company with strong values, focus on sustainable development.
- A full-time permanent contract with an attractive salary package, in line with the position responsibilities and your experience.
